#### Did You Know?

New Horizons’ first resident was Bill Young, and he lived here for 13 years.

The cupola above the roof was part of the original structure, the homestead of Charles Choate.

**Sis Phinney** is pictured among the beautiful plants hanging along the front of our building and in the residents’ patio/gazebo area.

**ANNIVERSARY MILESTONES:** *Drum roll, please!* New Horizons is delighted to recognize residents **Isabel Bloch, Helen Higgins, and Joan Woodford** as they celebrate 10 years as members of our community. In addition, staff members, **Bruce Bloomfield, Jenna Messina, and Dana Demario** reached their 10-year milestones. They will receive New Horizons’ traditional rosewood and brass engraved carriage clocks at our anniversary party on August 15.

Also celebrating significant milestones, Dining Room Shift Leader **Amanda McCabe** has reached her 20-year anniversary, and Executive Director **Christine Coakley** and Executive Chef **Rick Greene** have both worked at New Horizons for 25 years.
