

Independent and Assisted Living in Woburn, MA

New Residents

Tom Barkalow, Suite 241, joins us from his home of 52 years located just a few blocks from New Horizons. He was born and bred in New Jersey, and was schooled at St. Peter's Preparatory School in Jersey City.

A graduate of MIT, Tom made his career as an electrical engineer working for Lincoln Labs and Interactive Data. He was acquainted with members of the State Department which took him to such places as Afghanistan, Iran, Guyana, and Sierra Leone.

Looking back over the years, Tom recalls a favorite memory when he and his wife thoroughly enjoyed Modern Western Square Dancing. This father of one son now enjoys spending time working on jigsaw puzzles.

Susie Garvey, Suite 432, was born in Winchester and resided in Woburn for many years before moving to Rochester, MA five years ago.

A high school graduate of the then Marycliff Academy, Susie later earned a bachelor's at Merrimack College and a master's at Cambridge College. Her interesting career began with teaching young students at the Wyman School and concluded teaching ESL to Spanish-speaking students. During the Kennedy administration, she moved to Washington, D.C. and worked for the Office of the Federal Register for five years.

Susie fondly recalls an adventurous two-month trip across Europe with three others where she visited at least eight countries. Back in the day, she enjoyed playing both golf and tennis, and now is an avid reader of affirmative true life stories.

We extend a warm welcome to Tom and Susie in their new home.

Reminder: Keep Us in the Loop

With the holiday season quickly approaching, we ask that residents and families keep us updated on their whereabouts. Any absence from the building, be it for a week-long getaway or an overnight trip, should be communicated to the front desk or a director. In addition, if a resident's primary contact is going to be away, we would like to make a note so we can reach out to an alternate contact if needed.
